Re: Mountain View Mining/Bradshaw

Dear Steve:

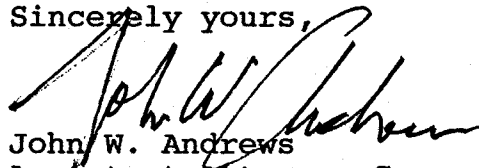

We spoke several times last fall concerning your client Mountain View Mining's sublease of certain state school trust mineral leases held by Bradshaw Pumice & Perlite ("Bradshaw"). Bradshaw is in the process of submitting a mining plan of operations to the Utah School and Institutional Trust Lands Administration (the "Trust Lands Administration"), and the issue arose of whether Mountain View Mining continued to claim some interest in these leases. The Trust Lands Administration is also concerned about Mountain View Mining's reclamation liability for its operations on the leases, and for royalties that may have been underpaid.

I would appreciate it if you would let me know whether you continue to represent Mountain View Mining, and inform me of Mountain View Mining's interest in the subject leases. Thank you for your assistance with this matter.

Sincerely yours,

John W. Andrews  
Assistant Attorney General
